

Vietnamese Market — Sector Money Flow Rotation (Enhanced)

Expert Trader Briefing • 2026-04-13 • Flow window 5d vs 10d • Technicals from latest feature snapshot

Vietnamese market sector money flow rotation briefing for **2026-04-13**. Window: 5 sessions vs prior 10 sessions. Flow metric = signed intraday dollar flow $\Sigma(\text{close} - \text{open}) \cdot \text{volume}$. Per-symbol picks enriched with technical indicators (RSI, MACD, ADX, Bollinger, ATR, volume ratio) scored on trend / momentum / volume confirmation (0–8 scale). This report includes **sector performance charts**, **money flow correlation analysis**, and **price/volume mini-charts** for the most volatile stocks.
